

Iowa Summer Games

July 13, 2024

Ames/ISU Ice Arena, Ames, IA

I. COMPETITION OVERVIEW

The Iowa Games will be conducted in accordance with the rules and regulations of U.S. Figure Skating, as set forth in the [current rulebook](#), and/or current Compete USA handbook as well as any pertinent updates that have been posted on the U.S. Figure Skating [website](#).

This competition is open to all eligible, restricted, reinstated or readmitted persons as defined by the Eligibility Rules.

Skaters must be a currently registered member of a U.S. Figure Skating member club, Learn to Skate USA® member, a collegiate club or who is an individual member in accordance with the current rulebook. For non-U.S. citizens, please refer to the [rulebook](#) for more information.

COVID-19 INFORMATION:

For the most recent U.S. Figure Skating COVID-19 policy requirements, [CLICK HERE](#).

SERIES INFORMATION:

Medals presented to the top 3 winners in each event qualify for the upcoming State Games of America.

II. ELIGIBILITY

TEST LEVEL:

As of December 1, 2022, singles athletes may opt to accelerate their test progression within U.S. Figure Skating and thus compete at level(s) best suited for their technical skillset. Athletes must still meet the minimum requirements for each level and additionally, if participating within the National Qualifying Series (NQS) or National Excel Series (Excel), they will establish a **competitive floor** (i.e., the lowest level they can compete at).

The **competitive floor** is determined only by the level selected through the EMS Series Application for NQS or Excel and is not uniquely tied to competition registration (regardless of series participation).

Example, if an athlete passed their junior free skate test in November and competed in the 2022-23 NQS as a Novice from July - September, they may register for either novice or junior in excel or well-balanced events. The novice level will remain their competitive floor until they complete an EMS Series Application at the junior level or higher for NQS or Excel.

Example #2, if an athlete passed their juvenile free skate but has not competed in NQS or Excel (i.e., they have not established a competitive floor), they have the option to compete pre-preliminary – intermediate (if skate up is permitted). While the options are wide, U.S. Figure Skating entrusts the coach to guide the athlete to select the appropriate level for the athlete based on their technical skillset.

Eligibility Notes:

1. The singles free skate test levels will remain as a minimum requirement to compete.
2. Athletes may not skate down in any event.
3. This update does NOT apply to Adult, Showcase and Solo Dance.

If an athlete, coach, parent and/or guardian needs assistance with confirming their eligibility, email events@usfigureskating.org or refer to information sheet [HERE](#).

Singles: Excel and Well-Balanced Events:

- Skaters must meet at least the minimum singles test requirements for the event’s level. A skater’s singles test level may be higher than the minimum requirement.
 - o Skate Up: skaters may skate up one level higher than their minimum test requirement allows.
- Skaters may not register for an event level lower than allowed by their competitive floor. An athlete’s competitive floor is set by one of the following scenarios:
 - o If an athlete has a paid EMS series application for the NQS series, the event level registered for in the most recent NQS will become the lowest level they may compete at in any U.S. Figure Skating sanctioned event.
 - o If an athlete has a paid EMS series application for the Excel Series, the event level registered for in the most recent Excel series will become the lowest level they may compete in any Excel event. For Well-Balanced and Specialty events the skater will be permitted to register at one level lower than the “floor” set by their excel series entry.
 - o If an athlete has never had a paid EMS series application in the NQS or Excel series, the athlete may select their level based on their goals and technical skills as long as the minimum test requirements are met.
- Skaters are not permitted to enter an Excel free skate and a Well-Balanced free skate event at the same competition (example: Juvenile Girls Free Skate and Juvenile Girls Excel Free Skate). However, they are permitted to enter an Excel and a Well-Balanced event of different types such as a short program (if stand-alone event option), specialty or showcase events (example: Intermediate Women Short Program and Intermediate Women Excel Free Skate).
- For more details about establishing event levels, refer to information sheet [HERE](#) or email events@usfigureskating.org.

All other singles and partner events (such as Adults, Pairs, Ice Dance):

- Skaters must meet the minimum test requirements for the events level, but not exceed the maximum permissible test requirement.
